Dear Parents

Warm Greetings!

We are excited to announce the introduction of academies as a part of Thursday Activities in our school starting from January 16, 2025. This initiative aims to provide our students with education in specific fields, beyond the regular curriculum. These academies provide students with in-depth knowledge and skills in specific areas, foster critical thinking, creativity, problem-solving abilities and enhances the overall educational experience.

Students can opt for any one of the academies mentioned below and return this form to their respective class teachers by January 9, 2025.

Academies Offered:

- Eco Club Academy (Best out of waste, Reduce, Reuse, Recycle)
- Dance Academy (Zumba, Aerobics, Free style)
- Science Academy (Experiments that need little or no supervision and can be done easily at home with the material easily accessible, DIYs)
- Health Academy (Yoga, Diet Sessions)

We believe that these academies will provide our students with a unique and enriching educational experience. Thank you for your continued support.

Regards

**(PRINCIPAL)**
