Grade: LKG

Subject: English Rhyme Recitation Competition

Date: 11th May, 2026

Dear Parents,
Greetings of the day!

Rhymes are a joyful gateway to learning for our little ones. They help children develop language skills, pronunciation, memory, and confidence in a fun and engaging way. Through rhythm and repetition, children learn to express themselves, improve their listening skills, and build a strong foundation for communication. Most importantly, rhymes spark imagination and make learning a delightful experience! To celebrate the charm of tiny voices and growing confidence, school has organized **Rhyme Recitation Competition** for our young learners.
